SOEP Survey Papers

Series A – Survey Instruments (Erhebungsinstrumente)

SOEP – The German Socio-Economic Panel at DIW Berlin

2019

SOEP-Core – 2017: Youth (16-17-year-olds, M1/M2, with Reference to Variables)

SOEP Group

Running since 1984, the German Socio-Economic Panel (SOEP) is a wide-ranging representative longitudinal study of private households, located at the German Institute for Economic Research, DIW Berlin.

The aim of the SOEP Survey Papers Series is to thoroughly document the survey's data collection and data processing. The SOEP Survey Papers is comprised of the following series:

Series A – Survey Instruments (Erhebungsinstrumente)

Series B – Survey Reports (Methodenberichte)

Series C – Data Documentation (Datendokumentationen)

Series D – Variable Descriptions and Coding

Series E – SOEPmonitors

Series F – SOEP Newsletters

Series G – General Issues and Teaching Materials

The SOEP Survey Papers are available at <http://www.diw.de/soepsurveyspapers>

Reading Aid

This representation of the questionnaire contains the same informations as the portal `paneldata.org`.

The diagram illustrates the structure of a questionnaire question. It shows a sequence of elements: a question number (Q72), question text, interviewer instructions, answer options (Yes, No, No answer), and filter information (Q72;lsta1 bio I0013 born in Germany). Below the answer options, there is a filter condition (Q72;LSTA1=2) and a grey bar indicating an open or numeric answer. The diagram also shows the variable information (Q73;lsta2 bio I0016 Country Of Birth) and a legend for the green text (dataset name, variable name, variable label).

question number → **Q72**

question text → **Now we would like to know something about you personally. Were you born in Germany?**

interviewer instruction → *This refers to Germany or the Federal Republic of Germany or the German Democratic Republic in the national borders at the time of your birth.*

answer options → Yes 1
No 2
No answer -1

in blue: identifier for filter → **Q72;lsta1** bio I0013 born in Germany

in blue: filter with condition → **Q72;LSTA1=2**

grey bar: open or numeric answer → [Grey bar]

in green: dataset name variable name variable label → **Q73;lsta2 bio I0016 Country Of Birth**

Here, in addition to the *question number*, *question text*, *interviewer instructions*, and *answer options*, you find printed in green the *file name* and the *variable name* with the *variable label*, which contains information from the question. If you see rows of green lines below the answer option, the questionnaire defines several variables or informations are stored in more than one data set.

The *routing by filters* is depicted in blue. Each variable is preceded by an identifier (which generally contains the question number, marked here with a yellow dotted line), which is given, if the variable is used in filters in a subsequent question. Such filters are usually shown (as gatekeepers) at the beginning of the question.

This reading aid does not cover a few exceptional cases: If the filter (as gatekeeper) only affects one of several variables for a question, the filter is printed in blue behind the variable. There you will also find a "go to" command in the form `2 @ Q73`. Here, the questionnaire skips to question 73 if the variable results in value of 2.

Phrases that are not already translated in English are displayed in German and preceded by [de].

Intro This questionnaires addresses household members born 1998 and are participating for the first time ever.

Your cooperation is voluntary. The scientific validity of this survey, however, depends on cooperation of every member of every household.

We cordially request you,

- to answer the questions for our Interviewer
- or to fill out the questionnaire by yourself accurately.

0 Before handing in the questionnaire, please enter in accordance with the address log:

108 The actual person survey has now ended. Thank you very much for the interview! We have one request to you: for scientific research, it is increasingly important to learn more about the employment history of people and taken into account in statistical analysis. For this purpose, we would like to link the survey data from the interviews with the social security data of the Institute for labor market and occupational research. This is possible only with your consent for data protection reasons. Of course, your consent is voluntary

Take a few minutes, to read the form

- | | |
|------------------------------|---|
| The respondent agreed | 1 |
| The respondent did not agree | 2 |
